

# THE FIMIR

## RUINOUS INHERITANCE

by Robin Low. Additional Material by Lea Crowe

# THE ART

Due to the printing problems with issue 25, which contained the Fimir article, we and many readers were disappointed that the art was not as clear as it should have been. We have been asked by many to publish the illustrations as a PDF and we are very pleased to do so. Many thanks to all the artists for their permission to do so and their patience
